VOYAGER PROGRAM 2013-3 Report Issued June 2013

Subsequent to release of the audit of the Voyager Card Program (Program), management decided to terminate the Program since departments utilizing the Voyager Card also had access to the Purchasing Card and the costs of implementing corrective actions specific to the Voyager Card Program. Accordingly, no corrective action was considered necessary, and the Voyager Card account was closed in November 2013. Our review disclosed that there has been no activity in the Voyager Card Program since September 2013.

Summary of Late Findings

Corrective actions for the findings related to the Grade Change Audit, # 2014-1, issued February 2014 were to be implemented by spring term 2014, effective for the fall term 2014. Inquiry disclosed the planned corrective actions were timely implemented. The validation of implementation of corrective actions will be performed during the spring term 2015.

- High:** The potential impact on the operation (either in terms of dollars, error rate, or qualitative factors) could significantly affect the operation's ability to achieve its strategic objectives
- Medium:** The potential impact on the operation (either in terms of dollars, error rate, or qualitative factors) could moderately affect the operation's ability to achieve its strategic objectives
- Low:** The potential impact on the operation (either in terms of dollars, error rate, or qualitative factors) would not significantly affect the operation's ability to achieve its strategic objectives
