ACTION ITEM

Academic and Student Affairs Committee

Thursday, September 12, 2024

Agenda Item: III

Subject: Minutes for May 20, 2024 Meeting

Proposed Board Action: In accordance with the Florida Statutes, a governmental body shall prepare and keep minutes or make a tape recording of each open meeting of the body.

Attachment(s): Yes

1. Minutes for May 20, 2024

Academic and Student Affairs Committee Minutes
Trustee Nicole Washington, Chair
May 20, 2024

Trustee Nicole Washington called the meeting to order. Ms. Valeria Singleton called the roll, and the following committee members were present: Ezzeldin Aly, Otis Cliatt, Deveron Gibbons, Kristin Harper, Loryn May, and Nicole Washington. A quorum was established.

Trustee Cliatt moved to approve the minutes for the meeting on March 6, 2024. Trustee Aly seconded the motion, and the motion carried.

Follow-up Items from the March meeting – Dr. Hudson and his team will provide an update regarding the FAFSA application process. In addition, Dr. Kinsey will give an update on the Academic Program Prioritization.

The Committee recommended approval of the following items:

Request for Leave of Absence - Per BOT Policy Number 2005-21, the University will consider requests for unpaid leave of absence from regular employees with at least one year of continuous service. The University grants leave of absence for the following reasons: parental, medical, educational, military service, and personal.

Trustee Harper moved to approve Dr. Elise Simmons' leave of absence from August 12, 2024, through May 9, 2025. Trustee Cliatt seconded the motion, and the motion was carried.

Regulation 4.008 – Religious Holidays - This regulation outlines the process for accommodating religious observances. The regulation aligns with other SUS institutions' rules and policies, although the policies are not identical and may vary in non-material ways, such as reporting timeframes and reporting procedures.

Trustee Harper moved to approve the Regulation 4.008. Trustee Cliatt seconded the motion, and the motion was carried.

Annual General Education Review - The Office of the Provost, in conjunction with academic unit administrators, faculty, and institutional partners in the Registrar's Office, General Education Assessment Committee, and University Curriculum Committee, reviewed FAMU's general education course offerings to ensure compliance with the content, principles, and standards required for general education courses in the state of Florida in accordance with statutory and regulatory requirements. Upon approval by the Board of Trustees, FAMU's list of general education course offerings will be submitted to the Board of Governors by the required deadline of September 1.

Question: Please provide a high-level overview of the changes.

Response: The course descriptions changed to match the course numbers in the statewide course numbering system. Also, the math pathway aligns with the new statutory and regulatory requirements due to work done with faculty committees for the Florida Department of Education. Since the work has been finalized, two new math requirements are in place for incoming students starting the academic year 2024 – 2025. In addition, some courses that are no longer offered at the University have been discontinued.

Trustee Gibbons moved to approve the Annual General Education Review Report. Trustee Harper seconded the motion, and the motion carried.

Credit Hour Reduction - The faculty members of the Chemical Engineering and Biomedical Engineering programs proposed reducing the total number of credit hours required for their respective degrees from 131 to 128. The primary objective of the proposed action is to improve student outcomes, including graduation rates, retention, and persistence, for those enrolled in these programs. In addition, the change aligns the credit hour requirements of these programs with other undergraduate programs offered by the FAMU-FSU College of Engineering.

Trustee May moved to approve the reduction in degree program hours for the Chemical Engineering and Biomedical Engineering programs. Trustee Harper seconded the motion, and the motion carried.

New Degrees – Master’s and Ph.D. in Aerospace Engineering – The FAMU-FSU College of Engineering is seeking to implement new graduate-level programs in aerospace engineering at the master's and doctoral levels. The proposed programs will leverage the existing faculty and resources of the FAMU-FSU College of Engineering to offer joint degrees. The curricula will include theoretical and applied aspects of fluid dynamics, gas dynamics, fluid-structure interactions, smart materials, uncertainty quantification, and flow control. The master's program will focus on experiential learning and industry collaboration. The doctoral program will foster research excellence within the discipline and industry. The master's degree requires 30 credits, while the doctoral degree requires 48 credits for those with a master's degree and 60 credits for those entering with a bachelor's degree.

Trustee Harper moved to approve the proposed master’s and doctoral program in Aerospace Engineering effective fall 2025. Trustee Cliatt seconded the motion, and the motion carried.

Tenure - The departments reviewed applications for tenure, the colleges/schools, the University Tenure and Promotion Committee, Provost Watson, and President Robinson. The applicants were evaluated based on their professional experiences, teaching effectiveness, university service, public service, demonstrated contributions to their teaching discipline, technical and performance competencies, publications and research records, certifications, and exceptional scholarly or creative activities.

FLORIDA **A&M** UNIVERSITY
Board of Trustees

The 12 faculty members listed below were nominated for tenure:

Candidate Name	College/School	Department/Division
Sarah Buxbaum	College of Pharmacy and Pharmaceutical Sciences_ Institute of Public Health (COPPS_IPH)	Epidemiology and Biostatistics
Fatimah Sherbeny	College of Pharmacy and Pharmaceutical Sciences_ Institute of Public Health (COPPS_IPH)	Economic, Social, and Administrative Pharmacy
Lee Bushong	College of Social Sciences, Arts and Humanities	Sociology and Criminal Justice
Candidate Name	College/School	Department/Division
Nkechinyelum Chioneso	College of Social Sciences, Arts and Humanities	Psychology
Tiffany Packer	College of Social Sciences, Arts and Humanities	History and Political Sciences
Abdul Sharif	College of Social Sciences, Arts and Humanities	History and Political Sciences
Mozhgan Entekhabi	College of Science and Technology	Mathematics
Anosh Gill	School of Journalism and Graphic Communication	Graphic Communication
Hsuan Huang	School of Journalism and Graphic Communication	Public Relations
Odell Stroud	School of Allied Health Sciences	Healthcare Management
Omolola Betiku	College of Agriculture and Food Sciences	Agricultural Sciences
Anthony Ananga	College of Agriculture and Food Sciences	Food Science

Trustee Harper moved to approve the recommendations for tenure. Trustee Aly seconded the motion, and the motion carried.

Student Affairs Updates – informational updates were provided:

- Dr. William Hudson, Jr., and his team provided updates on enrollment management, financial aid, student housing, and hazing prevention.
- The Office of Undergraduate Admissions and Recruitment continues to experience increases in first-time-in-college (FTIC) applications with a 2.3% increase.
 - Approximately 3,805 FTIC students have been admitted, with the goal of enrolling 1,500 FTIC students. This admitted cohort's average GPA and test score is 3.98, with a 23 ACT score and an 1150 SAT score.
- The Office of Financial Aid continues to monitor the US Department of Education’s (USDOE) website for updates regarding the FAFSA simplification. On May 1, the University started receiving the FAFSA and updated the students' files. The University has received 10,582 matched FAFSA records (students who have applied for admission or are attending FAMU). In addition,

2,690 files were rejected due to several issues, such as data not matching the US Department of Education, missing the parent's signature, IRS data retrieval, etc. There are 1,743 students with pending files due to selection for verification, or additional information must be submitted. To date, 6,150 students have been awarded financial aid for Fall 2024. 981 FTIC students have been awarded aid, with 719 students pending verification.

- Summer Awards: Financial Aid has been awarded to 3,355 undergraduate and graduate students. Also, financial aid has been awarded to 163 law school students.

Communication is provided continuously to notify students of their awards.

- The Housing Office has seen an increase in housing deposits. One thousand three hundred fourteen newly admitted students have submitted their housing applications and deposits, and 1,473 returning students have submitted their housing applications and deposits for Fall 2024.
- The final informational update was regarding the hazing prevention initiatives:
 - There are no active investigations of a possible violation of University Regulation 2.028.
 - The 2024 Hazing Prevention Summit will be on the University of Central Florida campus.

Academic Affairs Updates – The following informational updates were provided:

- Provost Watson and her team provided brief updates on Academic Program Prioritization, FAMU DRS, College of Law, and Post-Tenure Review.
 - **Academic Program Prioritization** – The University completed phase one of the academic program prioritization study, where we are developing a model that focuses on workforce and student demand, academic program productivity, and strategic alignment to FAMU's and the Board of Governors' priorities.

We are currently in phase two of the study, and we will continue to focus on high student demand and workforce and industry demand. Also, we are focusing on faculty research productivity along with the impact on the performance-based funding metrics and strategic priorities. Within this particular phase, much of the attention is dedicated to curriculum reform for the undergraduate programs and curriculum reforms for the STEM programs.

There was a two-day curriculum workshop that included the development of critical milestones of success so that we can work to increase retention among our students and graduation rates, specifically in the STEM areas. Also, we worked with faculty to revise the curriculum and to increase flexibility. We are implementing more intrusive advising and guidance related to significant compatibility and career readiness.

- **College of Law** – An update was provided about the upcoming exam and the new Bar Review boot camp. Interim Dean Howard expressed enthusiasm about the 3-day camp, including a full day of simulated multi-state bar exam. He also mentioned that they would have a live review of the most critical 200 questions instrumental in his bar exam success. Trustee Perry

FLORIDA **A&M** UNIVERSITY
Board of Trustees

proposed a meeting with Interim Dean Howard to understand more about the timing and details of the program.

- **FAMU DRS** - Superintendent Michael Johnson reported that 100% of the graduating seniors are college or career-ready. Fifteen of the forty seniors have been accepted to FAMU for the upcoming academic year. FAMU DRS has maintained a 95% graduation rate for two consecutive years.

Critical points of pride:

- 59% of the students in grades 3 through 10 improved in their progress monitoring and
 - 56% of the students' scores in math are at or above the state average.
- **Post-Tenure Review** – The post-tenure review process was extensive. It went through our legal process and the Division of Audit process, which is required by statute and regulation. The number of tenured faculty in the four performance rating categories was 40. The four categories are exceeded expectation, meets expectation, does not meet expectation, and unsatisfactory.
 - There were 15 faculty members who scored exceeded expectations, and those faculty members will receive a \$5,000 one-time bonus.
 - There were 20 faculty members who scored a meet expectation and will receive a \$2,500 one-time bonus.
 - There were three faculty members who scored did not meet expectations, and they will be assigned a performance improvement process.
 - Two reviews were suspended pending outcome of grievance process.

There being no further discussion, the meeting was adjourned at 11:17 a.m.

Respectfully submitted,

Nicole Washington, Committee Chair

Thursday, September 12, 2024

Agenda Item: IV

Subject: Follow-Up Item(s)

Background Information and Summary: An update on follow-up items from May meeting.

FLORIDA **A&M** UNIVERSITY
Board of Trustees
ACTION ITEM

Academic and Student Affairs Committee
Thursday, September 12, 2024
Agenda Item: V

Subject: Textbook and Instructional Materials Affordability Annual Report

Proposed Board Action: Board of Governors Regulation 8.003 Textbook and Instructional Materials Affordability requires an annual submission of a Textbook Affordability Report each year. Approval of Florida A&M University's report for 2024 is recommended. Upon approval, the report will be submitted to the Chancellor of the State University System.

Attachments: Textbook and Instructional Materials Affordability Annual Report

Textbook and Instructional Materials Affordability Annual Report

Instructions

1. Complete each tab/worksheet as designed. The template reflects the interpretation of the reporting requirements by Board staff.
Do not edit the content of the template. Expand the response space as needed.
2. Statutory due date is September 30, 2024.
3. If there are questions, contact Erica Vander Meer, Director of Academic and Student Affairs, at Erica.VanderMeer@flbog.edu
4. Include the university contact name and email for the staff who completed the report below:
5. Please note some cells are auto-calculated and do not require you to enter a figure. These cells are green.

University Contact Name and Email: Dr. Sundra Kincey, Associate Provost Email: sundra.kincey@famuedu

**Textbook and Instructional Materials Affordability Annual Report
Fall 2023 and Spring 2024**

University Submitting Report: Florida A&M University

Date Approved by the University Board of Trustees: 12-Sep-24

Signature of President:

Textbook and Instructional Materials Selection Process

Report the textbook and instructional materials selection process used for general education courses with high enrollment. Include the course prefix(es) and number(s), the course title(s), and the total number of courses (n). In column "F," use the drop-down arrow in each cell to select the appropriate selection process. The methodology for determining high enrollment courses is as follows: *Order courses (course prefix/number) by headcount enrollment, excluding honors courses. The top 10% of courses are determined as high enrollment.*

General Education Courses with High Enrollment		Total Number of Course Sections (n =)	Selection Process	If "other," describe
Course Prefix & Number	Course Title			
BSC 1005	Biological Science	6	Combination of the Above	
BSC 1010	General Biology II	10	Combination of the Above	
BSC 1011	General Biology II	11	Combination of the Above	
CHM 1030	Introduction to Chemistry for Non-STEM Majors	3	Combination of the Above	
CHM 1045	General Chemistry I	6	Combination of the Above	
CHM 1046	General Chemistry II	6	Combination of the Above	
ENY 2001E	Insects, People, & Environment	1	Combination of the Above	
MAC 1105E	College Algebra	46	Combination of the Above	
MAC 2233	Calculus I	4	Combination of the Above	
MUH 3116	Jazz History	2	Combination of the Above	
PHY 2048	General Physics I	2	Combination of the Above	
PHY 2054	College Physics II	2	Combination of the Above	
POS 2041	American National Government	13	Combination of the Above	
PSY 2012	Introduction to Psychology	25	Combination of the Above	
SYG 2000	Introduction to Sociology	7	Combination of the Above	

Course Sections with No Cost for Textbooks/Instructional Materials

Report the total number of course section(s) offered including exceptions and the total number of course sections that did not require or recommend the purchase of a textbook(s)/ instructional materials and/or utilized open educational resources. These may include general education courses, upper level courses, and courses for directed independent study, internships, thesis/dissertation, etc. Include any courses canceled within 45 days of the first day of class in the total number of course sections.

Fall 2023

Total Number of Course Sections Offered (Including Exceptions)	3832
Total Number of Course Sections Offered with No Cost Materials	1148
Percent of Course Sections with No Cost Materials (Auto-Calculated)	30%

Spring 2024

Total Number of Course Sections Offered (Including Exceptions)	3945
Total Number of Course Sections Offered with No Cost Materials	1192
Percent of Course Sections with No Cost Materials (Auto-Calculated)	30%

Board Action Plan - Low Cost Course Materials

Report the total number of course section(s) offered including exceptions and the total number of course sections that required or recommended textbook(s)/instructional materials for \$20 or less per credit hour (e.g., \$60 or less for a three-credit-hour course), which meets the State University System of Florida Action Plan for the Pricing of Textbooks and other Instructional Materials. Include any courses canceled within 45 days of the first day of class in the total number of course sections.

Fall 2023

Total Number of Course Sections Offered (Including Exceptions)	3832
Total Number of Course Sections Offered with the Cost of Materials at \$20 or less per credit hour	563
Percent of Course Sections Offered with the Cost of Materials at \$20 or less per credit hour (Auto-Calculated)	15%

Spring 2024

Total Number of Course Sections Offered (Including Exceptions)	3945
Total Number of Course Sections Offered with the Cost of Materials at \$20 or less per credit hour	574
Percent of Course Sections Offered with the Cost of Materials at \$20 or less per credit hour (Auto-Calculated)	15%

Textbook & Instructional Materials Affordability Initiatives

Describe specific initiatives of the institution designed to reduce the costs of textbooks and instructional materials.

Beginning Fall 2022, Florida A&M University implemented a new cost-savings initiative for undergraduate students called the "Rattler Pack". The "Rattler Pack" allows for a more efficient and cost-effective way for students to receive course materials. By choosing the Rattler Pack, students receive all their course materials for only \$24 per credit hour. With the Rattler Pack, students know for certain that they will receive all required textbooks on or before the first day of class. The program continues to offer significant savings for FAMU students.

Has the *opt-in* provision been implemented by your institution for the purchase of student materials? If yes, describe the impact this has had on student savings, if any.

No

Has the *opt-out* provision been implemented by your institution for the purchase of student materials? If yes, describe the impact this has had on student savings, if any.

Yes. As of Fall 2022, undergraduate students are automatically enrolled into the Rattler Pack program upon registering for classes. Starting 30-days before classes, students receive an email to verify their order and select fulfillment preferences. Following, an email notification is sent when the order is ready for pickup or when it ships. FAMU has negotiated a rate of \$24 per credit with the program. Students have been able to realize savings with the program of 35-50% on the cost of required materials each term.

University Policies for the Posting of Textbooks and Instructional Materials & Compliance with the Posting Deadline

Describe policies implemented to ensure the posting of textbooks and instructional materials for at least 95% of all courses and course sections 45 days before the first day of class.

The Provost's Office in partnership with FAMU's bookstore manager and the Division of Finance and Administration collaborate with academic administrators and program faculty within each of FAMU's colleges and schools to disseminate information each semester about the adoption process and deadlines for posting instructional materials. Currently FAMU utilizes an electronic platform, Adoption Insight Portal (AIP), for course adoptions. Each term the FAMU Bookstore and Provost's Office sends communication via the Daily Venom of the deadlines for instructional materials. Faculty then have an identified time period before 45-days prior to the first day of class to adopt textbook materials. The Provost Office also hosts trainings for existing and new faculty on how to adopt textbooks each semester. The adoption deadlines for FAMU are:

- On or before October 1 for Spring semester
- On or before February 1 for Summer sessions
- On or before April 1 for Fall semester

Are the policies effective in meeting the reporting requirement? If not, what measures will be taken by the university to increase faculty and staff compliance for meeting the reporting requirement?

FAMU's policies are effective in meeting the textbook instructional materials reporting requirement. For academic year 2023 - 24, program faculty met the University's requirement for textbook adoptions within 45-days of the first day of class (96.75% Fall, 97.62% Spring). In the previous academic year 2022-23, approximately 96.0% (95.32% Fall, 95.86% Spring) of FAMU's course textbooks were adopted within 45-days of the first day of class. Because the University had a slight decline for this reporting period, more trainings will be held with new and existing faculty to address the number of changes resulting from implementing the new cost-savings initiative. FAMU continuously strives to enhance its adoptions processes and effectiveness.

Published List of Required and Recommended Textbooks and Instructional Materials	
Please use the drop-down options to confirm the published list of required and recommended textbooks and instructional materials includes the following information.	
Information Required	Affirm Information is Included
International Standard Book Number (ISBN) or Other Identifying Information	Included

Exceptions

Per Board of Governors Regulation 8.003(1)(h), Textbook and Instructional Materials Affordability, any request for an exception to the compliance deadline shall be submitted in writing to the designated university official and shall provide a reasonable justification for an exception. A course or section added after the notification deadline is exempt from this notification requirement. Include any courses canceled within 45 days of the first day of class in the total number of course sections.

Fall 2023				
Total # of Course Sections (Not Including Exceptions)	# of Course Sections Identified As Exceptions	Total # Of Course Sections Including Exceptions (Column A + Column B) (Auto-Calculated)	% Of Total Course Sections That Were Identified As Exceptions (Auto-Calculated)	Reasons For Exceptions
3790	60	3850	2%	New instructor Publisher substitution Change to lower cost materials or OER

Spring 2024				
Total # Of Course Sections (Not Including Exceptions)	# Of Course Sections Identified As Exceptions	Total # Of Course Sections Including Exceptions (Column G + Column H) (Auto-Calculated)	% Of Total Course Sections That Were Identified As Exceptions (Auto-Calculated)	Reasons For Exceptions
3846	99	3945	3%	New instructor Publisher substitution Change to lower cost materials or OER

University Requirements for the Posting of Textbooks and Instructional Materials & Compliance with the Posting Deadline

Use the tables below to report the total number of course sections offered at the 45-day posting deadline, the number of course sections that met the posting requirement, the number of course sections that changed materials after the posting deadline, and the number of course sections that did not meet the posting requirement. Include any courses canceled within 45 days of the first day of class in the total number of course sections.

Fall 2023					
Total Course Sections at the 45-Day Posting Deadline (Not Including Exceptions)	# Of Course Sections Meeting Requirement (Not Including Course Sections That Changed Adopted Materials After The Deadline)	% Of Course Sections Meeting Requirement (Auto-Calculated)	# Of Course Sections That Changed Adopted Course Materials After The Required Posting Deadline	# Of Course Sections Not Meeting Requirement (Including Course Sections That Changed Adopted Materials After The Deadline)	% Of Course Sections Not Meeting Requirement (Auto-Calculated)
3,326	3,218	96.75%	42.00	108	3.25%

Spring 2024					
Total Course Sections at the 45-Day Posting Deadline (Not Including Exceptions)	# Of Course Sections Meeting Requirement (Not Including Course Sections That Changed Adopted Materials After The Deadline)	% Of Course Sections Meeting Requirement (Auto-Calculated)	# Of Course Sections That Changed Adopted Course Materials After The Required Posting Deadline	# Of Course Sections Not Meeting Requirement (Including Course Sections That Changed Adopted Materials After The Deadline)	% Of Course Sections Not Meeting Requirement (Auto-Calculated)
3,578	3,493	97.62%	20.00	85	2.38%

****Note:** Per Board Regulation 8.003 (1) (h), a course or course section added after the posting requirement is considered an exception and should be reported on the "Exceptions" tab. A request for any other exception to the compliance deadline shall be submitted in writing to the designated university official and shall provide a reasonable justification for an exception. A course or section added after the notification deadline is exempt from this notification requirement.
