## Nursing Central

Nursing Central is the premier source of disease, drug, and test information for nurses. It also includes a leading dictionary, literature searching, and a study system. Get quick answers wherever you need them—on your mobile device or the web.

Nursing Central is the complete mobile solution for nurses and students. Look up detailed information on diseases, tests, and procedures; then consult the comprehensive database of 5,000 drugs or refer to more than 65,000 dictionary terms whenever you have a question. Search Prime or keep up with your favorite nursing journals by having tables of contents delivered directly to your mobile device.

### Nursing Central includes:

#### **Davis's Drug Guide**

The best-selling drug reference produced by F.A. Davis provides need-to-know information on thousands of brand name and generic drugs.

- 1,700 monographs covering 5,000 trade and generic drugs
- Regular updates with the latest FDA-approved medications
- Details of IV administration, dilution, and concentration
- Common herbal and natural products
- High-alert notices and patient safety information
- Drug-drug, drug-natural, and drug-food interaction

**Authors:** Judith H. Deglin, PharmD; April H. Vallerand, PhD, RN, FAAN; Cynthia A. Sanoski, BS, PharmD, FCCP, BCPS

#### **Taber's Medical Dictionary, 23rd Edition**

Taber's Medical Dictionary is a comprehensive health science dictionary featuring over 68,000 terms, 3,000 of which are new and revised. Taber's also includes:

- 1,200 full color photos and illustrations
- Over 130 videos
- Integrated audio pronunciations for nearly 33,000 terms
- 600 Patient Care sections

**Editor:** Donald Venes, MD, MSJ, FACP

#### **Diseases and Disorders**

Diseases and Disorders, fourth edition is a must-have reference for every nurse. With complete, updated coverage of more than 250 medical conditions encountered in nursing practice, you can quickly find the information you need to plan and deliver patient care. Practical recommendations are supported by concise descriptions of how the human body is altered by disease and clear rationales for medications and tests.

**Editor:** Marilyn Sawyer Sommers, RN, PhD, FAAN

**Davis's Laboratory and Diagnostic Tests**

Davis's Laboratory and Diagnostic Tests is an easy-to-consult manual with over 400 entries. With the experience of nursing, clinical laboratory, and radiology specialists at your fingertips you can quickly check pre-test requirements, intra-test procedures and monitoring, and post-test care.

**Authors:** Anne M. Van Leeuwen, MA, BS, MT (ASCP); Debra J. Poelhuis-Leth, MS, RT (R) (M); Mickey Lynn Bladh, RN, MSN

**Prime - PubMed, Journals, and Grapherence® Access**

Prime connects you to the most up-to-date journal citations and abstracts from the complete PubMed database. Link directly to the fully-integrated Unbound Prime service to find related articles and view full text provided by the journal publisher. Discover new articles in a feed designed specifically for you based on how you use the app. Select specific journals you want to follow and receive alerts when new articles are published.

Additionally, Prime Search contains a powerful, exclusive feature called Grapherence™ which delivers a new way to visually explore the interrelationship and relevance of medical literature.

Note: Prime Journals provides links to full text articles only when available from PubMed; to view full journal text online you may need a separate subscription.
