

Academic Integrity **AND** **MEDICAL DOCUMENTATION**

At Florida A&M University, we are committed to fostering a culture of honesty, responsibility, and mutual respect. As part of this commitment, we want to address a serious issue that affects both individual students and the broader academic community: the submission of false medical documentation to obtain excused absences.

Conduct**

and Responsibilities**

DO THE
RIGHT
THING!

Submitting false medical documentation is a direct violation of the university's Student Code of Conduct. This action undermines the trust that faculty and staff place in students. It also devalues the efforts of other students who follow the rules and seek support through appropriate channels.
