

FLORIDA A&M UNIVERSITY  
**FACULTY SENATE**

## **List of Standing Faculty Senate Committees**

**The Steering Committee** - In consultation with the President, the Steering Committee shall arrange the agenda for meetings, including reporting to the Faculty Senate by the President, other administrative officers, and standing and special committees, and other appropriate individuals who have requested or have been invited to appear before the Senate.

**Committee on Committees** -The Committee on Committees elects a chairperson at its first fall meeting convened by the Senate Vice-President. It appoints all Faculty Senate Committees and recommends to the President nominees for appointment to all non-elective, University-wide committees, and other bodies as determined by the President of the University.

**The Curriculum Committee** -The Curriculum Committee reviews and make recommendations to the Faculty Senate for the approval or disapproval of new degree programs and the continuation, modification, or termination of existing academic degree programs. It also has the responsibility for making recommendations regarding course/program duplications with the University and planning for the improvement and development of all curricula.

**The Library Committee** -The Library Committee evaluates Library holdings, facilities, services, equipment, and procedures, and recommends to the Faculty Senate plans, activities and strategies for the improvement of all libraries and library holdings throughout the University.
