DONOR ROLL

FAMILY,

“Great things are happening every day at Florida A&M University (FAMU),” especially as we reflect on our progress through the COVID-19 pandemic. I am proud of what our community-based, free COVID-19 testing and vaccination sites have done to help in battling this pandemic. These are just examples of FAMU doing our part to render service to others. The FAMU community is resilient and strong. Through it all we are reminded that we rise together and look forward to all that lies ahead for our FAMILY.

We are the highest-ranked public Historically Black College and University (HBCU), according to U.S News & World Report, 2021 Best Colleges ranking of Top Public Universities for the third consecutive year. FAMU is ranked 104th among Top Public Universities, up from 117th a year ago. However, most importantly, FAMU is ranked 13th in social mobility among all colleges and universities in the nation, the truest indicator of our ability to alter the economic trajectory of individuals and families for generations.

Diverse Issues in Higher Education recognized FAMU as the number one HBCU in the awarding of degrees to African Americans at the bachelor's level. Diverse Issues also cited FAMU as a Top 10 producer of degrees at the bachelors, masters, doctoral research, and doctoral professional practice levels in the nation.

For the second consecutive year FAMU faculty and staff have garnered record levels of research funding and recently received a \$30 million, five-year federal grant from the National Oceanic Atmospheric Administration (NOAA) to support the Center for Coastal and Marine Ecosystems (CCME) and its mission to prepare the next generation of scientists from under-represented groups in NOAA related science and policy. Our students will be direct beneficiaries of this investment.

In the spirit of “Love and Charity,” recognizing the COVID-19 induced economic challenges confronting our students and their families, the University has provided more than \$60 million in student support and debt relief as a result of the Federal Cares Act. This is yet another indication of our commitment to student success. In fact, our keen focus on student success led to our highest score ever in the Board of Governors’ Performance Based Funding Metrics.

Our faculty and staff recognize the promise in every FAMU student and understand society’s need for the contributions of our graduates. Moving up in national rankings and the accolades are a testament to our focus on student success and the dedication to our strategic plan, “FAMU Rising.”

Our brand is strong. A degree from FAMU opens tremendous doors of opportunity for our students and alumni. We have developed partnerships with high schools in every sector of this state, enacted articulation agreements with 19 Florida College System institutions and reached out beyond the borders of Florida and the nation to enroll the highest-performing students possible. We are committed to recruiting, retaining and graduating the best and brightest students to allow them to pursue their dreams. Our message is simple - you can get anywhere from FAMU!

All of these great things are happening because of your support. Your generosity has helped us navigate one of the most difficult times in the storied history of our University. Your renewed support will guide our students through the challenges that lie ahead. Your gifts and contributions ensure that Rattlers leave the “highest of seven hills” with more than just a degree, but also have a transformational college experience. They will graduate with confidence and a commitment to give back to others, as you have done for them.

Thank you again for your support and generosity!

Larry Robinson

Larry Robinson, Ph.D.
President

Dear FAMU Donors:

THANK YOU! As the vice president of University Advancement and the executive director of the FAMU Foundation, I thank each of you for an amazing year of giving, even as we have continued to traverse this COVID-19 pandemic. You all donated more than \$13 million during our 2020-2021 fiscal year, which is the most ever raised in one fiscal year. Although this is beyond the 2020-2021 fiscal year, I would be remiss if I did not thank you all, Will Packer, and the entire University campus team for making our Homecoming 2021 truly an “Epic Return.” So again, I say “THANK YOU!”

For the third year in a row, Florida A&M University is ranked the No. 1 public historically Black college and university (HBCU) and 104 (up from 117) out of more than 400 nationally ranked public universities by U.S. News and World Report. Your generosity directly contributes not only to our national rankings, but it also enables us to provide invaluable support for scholarships to our amazing and deserving students; and a host of faculty- and staff-led curricular and co-curricular student success initiatives, which state dollars alone do not cover.

We value all gifts, no matter how small or how big, because the additive affect of all gifts make a huge impact on the lives of our students, faculty, staff, and the communities we serve. Through donations from our individual donors, our affinity groups (especially the incoming freshmen Class of 2000), our corporate and philanthropic partners, the FAMU National Alumni Association, the Boosters, the National Rattler “F” Club, the 220 Quarterback Club, and others in support of our fundraising efforts, we have increased our alumni giving rate, increased the retention of our annual donors, and increased the number of donors giving endowed and planned gifts all while serving our surrounding communities through our COVID-19 testing and vaccination sites.

This 2020-2021 Annual Report provides a sampling of University Advancement highlights, thanks to our ongoing collaboration with the dynamic Office of Communications, along with an overview of the FAMU Foundation’s financial performance and our donor roll. We are truly grateful that you all have chosen to not only stand with us, but that you all have also chosen to contribute to improving the lives of our students and this great University even in the midst of this ongoing pandemic.

Let’s continue to rise together! FAMU Today, FAMU Tomorrow, FAMU Forever!

In Rattler Service,

Shawnta Friday-Stroud, Ph.D.
Vice President, University Advancement
Executive Director, FAMU Foundation, Inc.

Dear Donors, Alumni and Friends,

It continues to be an honor to serve as the Chair of the Florida A&M University (FAMU) Foundation for the past three years. I often say, “this is one of the most talented foundation boards in academia,” and I truly mean it. It’s incredibly rewarding to work with a group of directors and staff who unselfishly dedicate their time, talents and treasures to support the students, faculty and staff at our beloved FAMU.

This past year, the Foundation Board of Directors embarked on a journey of self-evaluation. We hired the consulting firm, Alexander Haas to assess where we were and to offer best practices to move us to the next level. While we were already doing a number of things right, the final report offered suggestions and recommendations, and we are working to implement them towards being more efficient and effective.

As you know all too well, in order for many of our students to achieve their dreams, financial support is critical. We are tremendously grateful to you—our donors—for your unwavering support, even during uncertain times. Fiscal year 2020-2021, the University raised \$13,679,384.87, the most raised in University history, 178 percent over the goal. The Foundation’s investment value grew to \$156.9 million by the end of fiscal year 2020-2021, 27 percent over the previous year.

Finally, I would like to take this opportunity to say “Thank You & Farewell” to one of our longest serving directors, Dr. William Bryant at the end of 2021. For more than 20+ years, he served the Foundation Board and FAMU. His sacrifice and commitment will live on forever because of the lives he helped to change, the lives those lives will change, and so on.

As President Larry Robinson says, “Great things happen at FAMU – everyday.” We’ll continue to do our part, and we humbly ask that you continue the journey with us to ‘make’ great things happen.

With Sincere Appreciation,

Jemal O. Gibson

Jemal O. Gibson

Chair

FAMU Foundation Board of Directors

Vision

To be a global leader in the transformation of lives, one scholar at a time.

Mission

We will assist the University in achieving its mission by raising and stewarding contributions through exceptional management, investment, and administration of assets received.

FAMU DAY OF GIVING “1887STRIKES” SURPASSES \$450,000 IN DONATIONS

BY ANDREW SKERITT

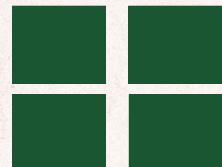

Florida A&M University's second annual Day of Giving, "1887 Strikes," raised \$459,549.19 in gifts from 2,800 donors. The gifts represent a 215 percent increase over the 2020 campaign.

President Larry Robinson, Ph.D., was impressed by the generosity and sacrifice of donors. "We asked the FAMU community, friends and supporters to stand with our students during these extraordinary times. And they did just that," Robinson said. "I can't thank them enough. Their generosity will help bring new meaning to the words in our alma mater, 'College of Love and Charity'."

Money donated during the 1,887-minute campaign supports a broad range of academic, athletic and other initiatives that benefit students.

During the 2020 "1887 Strikes" inaugural Day of Giving campaign, the FAMU University Advancement team raised \$213,256.72 from 1,415 donors. This year's goal was to receive gifts from at least 1,500 donors, which was surpassed by 187 percent.

Shawnta Friday-Stroud, Ph.D., vice president for Advancement and executive director of the FAMU Foundation, said this unprecedented level of giving illustrates how much people care. "I'm grateful that alumni, staff, faculty, students and friends stepped up in such a generous way," said Friday-Stroud. "This level of giving demonstrates unwavering commitment in very tough times."

FAMU RECEIVES \$5M DONATION FROM GOOGLE

BY ANDREW SKERITT

Funding is designed to help create pathways and opportunities for Black Students in the STEM Industry.

Florida A&M University (FAMU) announced it is one of 10 institutions to receive a \$5 million donation from Google, designed to help create pathways and opportunities for increased diverse representation in the STEM industry. The one-time unrestricted financial grant will provide FAMU with financial support for scholarships, technological infrastructure support, career readiness and curriculum development.

President Robinson says FAMU is a source of largely, untapped STEM talent.

"Google's \$50 million investment in Historically Black Colleges and Universities (HBCUs) shows a firm commitment to diversity, equity and inclusion, and an appreciation of the value HBCUs bring with regards to the talent and ingenuity of our students, faculty, staff and alumni," said FAMU President Larry Robinson, Ph.D. "FAMU is proud to be a part of this historic partnership with Google and fellow HBCUs, which will help produce the next generation of leaders and innovators in information technology and computer science."

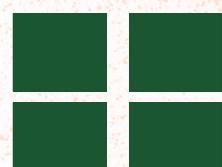

Over the last three years, President Robinson has been among HBCU presidents to hold ongoing discussions with Google senior leadership about internships and other opportunities for FAMU and other HBCU graduates and students. "The grant reflects the company's commitment to diversity, especially in the tech industry," said Melonie Parker, Google chief diversity officer.

"I'm delighted to provide our HBCU partners with a \$50 million unrestricted grant. These institutions are actively shaping the next generation of Black leaders and are helping to build a more diverse workforce across all industries," Parker said. "This investment further solidifies our commitment to providing access and opportunities for underrepresented groups in tech."

This investment builds on Google's Pathways to Tech initiative, which was announced earlier this year and is designed to build equity for HBCU computing education, help job seekers find tech roles, and ensure that Black employees have growth opportunities and feel included at work.

The 10 HBCUs receiving funds include:

- Claflin University, South Carolina
- Clark Atlanta University, Georgia
- Florida A&M University, Tallahassee
- Howard University, Washington
- Morgan State University, Maryland
- NC A&T State University, North Carolina
- Prairie View A&M University, Texas
- Spelman College, Georgia
- Tuskegee University, Alabama
- Xavier University, Louisiana

FAMU NATIONAL ALUMNI ASSOCIATION RAISES MORE THAN \$500K, EXTENDS BIRTHDAY CELEBRATION CAMPAIGN

BY ANDREW SKERITT

In October 2020, the Florida A&M University (FAMU) National Alumni Association (NAA) announced that they had received more than \$500,000 in donations as part of its weekend Founders' Day fundraising activities.

The response was so positive that NAA President Col. Greg Clark said the campaign was extended for the rest of October.

"Money was still coming in. We are going to keep the birthday link up for the rest of the month," Clark said. "Because of the love and admiration they have for FAMU, people just want to continue to give."

Clark said the NAA will be coordinating with University Advancement staff to convey the message that alumni and other supporters can still give. He said \$45,000 was donated during one day of online giving, mostly from \$133 donations.

"There are people who never gave to FAMU before. Actually, we are in a position to drive up the giving percentage," Clark said.

On Oct. 3, administration officials celebrated 133 years since the University was founded. The NAA held a virtual Leadership Summit along with the fundraiser.

President Larry Robinson, Ph.D., and former President Fred Gainous during Founders' Day ceremony at the Eternal Flame.

The push comes in an attempt to make up for the shortfall in fundraising and revenues that would normally accompany homecoming festivities, especially the homecoming game, canceled due to the global pandemic in 2020.

Money raised will go to the Athletics Department; FAMU CARES, a program to meet a variety of student needs; and the NAA's Save Our Students scholarship program, which provides financial aid to enable seniors to pay off outstanding fees so they could enroll and graduate.

FAMU is graded on its four-year graduation rate as part of the Florida Board of Governors Performance Based Funding metrics.

Shawnta Friday-Stroud, Ph.D., vice president for University Advancement, said the fundraising will make a big difference in the lives of students. "We are humbled and encouraged by, and thankful for, the support of our alumni," Friday-Stroud said. "Their generosity during these trying times is greatly appreciated. These donations will go a long way to meeting student needs and enabling their success."

THE FLORIDA A&M RATTLER ATHLETIC FUND ANNOUNCED PHASE I OF THE “ALL IN” CAMPAIGN EXTENSION

PUBLISHED: JULY 30, 2020

When the Florida A&M Athletics Department launched the "ALL IN" Campaign on May 8, 2020, it was met with optimistic enthusiasm and initially scheduled to end on August 1, 2020. However, due to overwhelming support for the initiative from Rattler Nation, we were pleased to announce that Phase I of the campaign had been extended.

"We have tremendous momentum and look forward to capitalizing on that momentum as we continue to engage Rattlers all across the country," Deputy Director of Athletics and Chief of Staff Keith McCluney stated. "Rattlers everywhere want to give, and they see this project as a priority for our program and our University. We are pleased with the responses that we have received and look forward to witnessing the total transformation of the Football Operations Center. The impact this will have on our program and our student-athletes is unmatched."

During the first three months, the "ALL IN" campaign raised more than \$400,000. The campaign was created as an opportunity for alumni, fans and friends to engage with Florida A&M Athletics and help us provide resources, renovations and enhancements to our facility infrastructure. Upgrades include state-of-the-art lockers and equipment rooms, enhanced locker rooms and athletic training facilities, upgraded offices for our coaching staff, new flooring, and graphics.

All improvements are intended to provide Rattler student-athletes with the training facilities that will allow them to perform at a championship level and recover during that process. See below to explore the different ways to strike with us!
